

ANTENOR C500: The robust Card Vending Machine.

- Vending upto four types of Cards.
- Payment with Banknotes, Coins Proton, Bancontact
- Optional Change given with Coin recycling
- Very robust and reliable
- Simple to use for both Users and Operators.

Applications.

The C500 is the appropriate machine to sell one upto four types of cards at an unattended place. High value cards such as badges, copy-cards, tax stickers, present-cheques, parking-cards can safely be sold at unattended locations assuring a permanent and reliable point of sales.

Modular Payment Options

The Antenor C500 card vending machine can be configured to accept banknotes, coins, Proton, Bancontact, Credit Cards or any mix of these payment options.

The automat can be provided with the possibility to give change money out of 2 coin hoppers supporting coin recycling.

Every card can be configured with a separate price, the selection is made through dedicated vandal proof buttons.

An optional built-in industrial kiosk printer proves to be very valuable to give customers a receipt ticket and/or to deliver comprehensive sales reports.

The optimal configuration will highly depend on the products sold, the target environment and many other parameters. The consultants of Antenor can contribute to help you configuring the most adequate machine

Robust and Reliable

The C500 is extremely strongly built to resist attacks and vandalism. Built as a safe, the cabinet is made of 4mm steel. The door is over 7mm thick including a brushed stainless steel front plate; it has hidden hinges and a safe lock mechanism with 4 strong bolts. The automat weights over 130 kg and is additionally fixed to the wall. All these measures contribute to a very safe and vandal resistant automat.

The C500 is built based on the proven Antenor CPU-A controller and extensions. All payment modules and accessories have been carefully selected by Antenor to assure the most reliable operation throughout its long life cycle.

User and Operator Friendly.

Thanks to a clear LCD display, a descriptive user guide and unambiguous icons, the C500 will guide both novice and frequent customers to an efficient purchase.

The product can be configured in Dutch, French, bilingual or with other language variants on request.

For a seamless exploitation, the C500 keeps track of all sales transactions. Statistics on products sold and money received can be provided using a straight forward operator menu or can be printed out comprehensively on a printer or PC.
